

Workplace Water Safety Training

Equipping your team for life in, on and around the water

- ➔ Tailored to meet your needs
- ➔ Fun and interactive learning
- ➔ Fantastic team building experience
- ➔ Learn more about the coastal environment
- ➔ Learn how to keep yourself and others safer in and around the water

WaterSafe Auckland (trading as Drowning Prevention Auckland) offers water safety training opportunities for your workplace, equipping your team for life in, on and around the water. This is designed to increase individual water knowledge and competence, and may also be used as a team building experience. The three core programmes outlined below can also be tailored to suit the requirements of your workplace.

“ In thinking about advanced coastal awareness skills, I had no hesitation in contacting WaterSafe Auckland. From my experience as a participant, I was confident that their product was not only technically sound but a lot of fun as well. The opportunity to take classroom knowledge and applying it in real world scenarios makes this product unforgettable. I knew that sending my team would result in a beneficial learning experience. ”

Yuin Khai Foong - General Manager / Mana Whakahaere, Sir Peter Blake Marine Education and Recreation Centre.

“ All of our students enjoyed the course [Developing Water Competence] and said they had learnt a lot. They all commented that the instructor was very professional and was able to teach the course in an effective and encouraging manner. ”

Ebrahim Hussain - Environmental Specialist
Research, Evaluation & Monitoring Unit, Auckland Council
